Education

•Bachelor of Technology in Computer Science and Engineering *2021-25*
Shri Vithal Education and Research Institute College of Engineering, Pandharpur CGPA: 8.03

•Higher Education *2018-20*
S.E.S Jr College of Arts and Science, Solapur Percentage: 64.15

Projects

•TrackNStore – Inventory Management System

Built an inventory management system for efficient stock tracking and product management.

- Built backend using Java (Spring Boot) with RESTful APIs, frontend using Angular for a responsive, modern UI.
- Integrated MySQL database for secure data storage with CRUD operations and advanced search functionality.
- Implemented role-based authentication (Admin/User) with features like product addition, stock updates, and reporting.
- Reduced manual stock errors by 30% through automated inventory updates

•College Hostel Management

Developed a web-based system to manage hostel operations efficiently.

- Engineered a dynamic and user-friendly platform using HTML, CSS, PHP, and MySQL, deployed on XAMPP for seamless accessibility.
- Automated student record management, smart room allocation

•Deepfake Detection using Deeplearning

Developed an AI-based system to detect deepfake videos and images with high accuracy.

- Developed a web application for detecting deepfake videos using deep learning techniques
- Convolutional Neural Networks (CNN) for analyzing video frames and identifying manipulated content.
- React for frontend development, ensuring a responsive and user-friendly interface.

Experience

•Web Development *Nov 2022 - Jan 2023*
Softtech Coders Online

- Created and designed web pages using HTML and CSS.
- Incorporated interactive functions using JavaScript.
- Handled databases and executed CRUD tasks using SQL.

•Full Stack Java Development *Feb 2025 - August 2025*
Kiran Academy, Pune Remote

- Gained hands-on experience in web development projects using Java, J2EE.
- Developed strong debugging and problem-solving skills during project execution.
- Worked on real-world applications, improving coding efficiency and understanding of full-stack technologies.

Technical Skills and Interests

Languages: Java, SQL, Servlets, JSP

Libraries: ReactJs

Tools: Eclipse IDE, MySQL Workbench, Visual Studio Code, WordPress .

Frameworks: Hibernate , Spring Boot, ReactJs

Cloud/Databases: Relational Database(MySql)

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.

Areas of Interest: Web Design and Development

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

Positions of Responsibility

•Treasurer and Head of Events OLympus 2k24, Pandharpur *Sep 2022*

- Managed financial aspects of events, ensuring effective budgeting and transparency in fund allocation.
- Collected over Rs. 20,000 in entry fees for different activities.
- Organized and managed hackathons to promote innovation and teamwork among participants.
